

What you should know about...

Animal Tracks 4 Paw Luxury Boarding Suites

What does your furry friend do on vacation while *your* on vacation?

- Good morning! Rise and shine! Every pet takes their **morning walk** starting at **6:30 am**.
- Room service please! Each pet has a personalized message on their door to welcome them when they arrive. Breakfast is served after the morning walks. We provide a delicious diet of **Purina EN dry food** (great for those pets with sensitive stomachs). Did you bring your own food? No problem, we can accommodate anyone's taste! Each pet has their own shelf in the kennel prep area where their food and medications are stored. We have a boarding report card which list all of your pets special requirements, to keep our staff informed on your pet's needs. Fresh water is available at all times.
- Meow! Our purring guests have very posh kitty condos with a window view. They can curl up and bask in the sun or watch the wildlife flutter by. Each condo has an adjoining bathroom for privacy. The condos do adjoin each other, for those multicat households. Each kitty is fed and watered at least 2 times daily and litter box scooped out. They are in a very quiet neighborhood but get lots of attention as their human visitors pass by.
- **Doggie Day Care** anyone???? Your dog has the opportunity to join doggie daycare (Monday through Friday) while there are boarding for an additional fee. The dogs have a blast! They run, play fetch, wrestle and just get tired out! Nap time is around 11 am. They all have beds to sleep on for the most comfortable naps! They will go for an extra walk or two if needed to eliminate. Craft projects are done once a week. Special holiday events are planned for daycare participants.
- **Noon:** Luxury boarders are taken for an **afternoon potty break**. This gives them a chance to stretch their legs and get some fresh air. Extra play time is allowed in our fenced in yard. Water is freshened up. A mid-day snack is given to all.
- Our luxury boarder's who are staying for 5 or more days receive a complimentary spa treatment (bath). If you would like a more extensive grooming, schedule a grooming appointment in our **Clean Tracks Grooming Salon**.
- Daycare ends at 5:00 pm and evening strolls and twilight dining begin. Each pet is **walked and fed again after 5:30 pm**. The suites are spruced up and the pets tucked in for the night. Our pets enjoy the comfort of home **with in-floor heating, temperature controlled environment, comfy cots** that keep the pets off the floor. You don't have to worry about your pet being comfortable while you are on vacation.

Requirements for boarding:

For the protection and health of your pet we require the following:

1) Vaccinations:

- Rabies
- Distemper Plus
- Bordatella (Kennel Cough)-Dogs only

2) Currently on an veterinary approved flea/tick preventative (ie Frontline, Revolution, Advantixx):

- Why? So we can assure our guests do not bring in or pick up fleas while they are staying at our facility
- Flea Facts:
Fleas can live on a dog or cat year round. They are very tiny and difficult to see. One flea can lay up to 5,000 eggs in the environment. Flea eggs usually drop off where the pet sleeps. Flea collars, powders, shampoos and over the counter flea treatments do not adequately control fleas and all of their life stages.

3) Negative fecal within the last 6 months or currently on heartworm preventative (Heartgard or Interceptor)

- Why? Most internal parasites (worms) are shed in the feces in the form of eggs. Eggs can only be seen under the microscope and can be found in normal looking feces. To help keep our yard clean and prevent our guests from being exposed to these parasites we do daily yard clean up and require all boarding animals to be screened for parasites or on proper internal parasite control.
- When we do a fecal examination we screen for: roundworms, hookworms, whipworms and coccidia. Tapeworms are often seen on the stool itself or dried on the hairs around the rectum (rice like segments)

While your pet is boarding:

Doggie Daycare: Offered Monday through Friday 8 am until 5:00 pm. The dogs play together in a large room. We have a variety of toys and other fun things for them to do. They have giant pillows to nap on when they get tired. Extra walks are taken when they need to eliminate. Craft projects are done while they attend daycare and a report card sent home as well. Your pet will love joining daycare while they stay at our luxury boarding suites. There is reduce fee for our boarding dogs to join daycare.

Clean Tracks Grooming Salon: The salon is open Monday through Friday. If your pet is staying for boarding, why not schedule a visit to the grooming salon. A grooming appointment must be scheduled with our groomer.
