VETERINARY TECHNICIAN

JOB DESCRIPTION

INTRODUCTION

The Veterinary Technician assists the doctors to the fullest possible extent, to help improve the quality of care given to the patients, and to aid the doctors in achieving greater efficiency by relieving them of technical work at **Animal Tracks Veterinary Services, LLC.**

The Veterinary Technician assists in multiple procedures providing care for animals including physical examinations, dental procedures, surgeries, immunizations, euthanasia as well as client education, marketing and inventory maintenance. This position requires a working knowledge of pharmaceutical drugs, common diseases; their symptoms, means of transmission, treatment and prevention, and other basic preventative health care recommendations. This is an overview of the position and the job responsibilities listed do not encompass the entire position. The Veterinary Technician is under the direct guidance and supervision of the Veterinarians and the Veterinary Practice Manager.

PRIMARY JOB RESPONSIBILITIES

- Obtain and record patient histories.
- Collect specimens and perform routine laboratory procedures and tests in hematology, biochemistry, chemistry, microbiology, urinalysis, and serology to assist in the diagnosis and treatment of animal health problems.
- Dispense and administer medications, vaccines, serums and treatments as prescribed by the veterinarian.
- Administer fluids and blood products as prescribed by the veterinarian.
- Administer and monitor anesthesia under the direction of a veterinarian.
- Provide specialized nursing care for injured or ill animals.
- Prepare patients, instruments and equipment for surgery.
- Assure that monitoring and support equipment such as anesthetic machines, cardiac monitors, scopes and breathing apparatus are in good working condition.
- Assist in diagnostic, medical and surgical procedures using a range of high tech diagnostic equipment including electrocardiographic and radiographic equipment.
- Take and process radiographs.

- Communicate with and educate owners.
- Maintain knowledge of preventative healthcare recommendations in order to answer client questions, provide education on vaccines, flea/tick and heartworm products, and assist in marketing veterinary services from which their pet would benefit, such as dental cleaning, senior wellness, spay and neuter and boarding.
- Educate clients on products and medications sold including dietary products and answer questions regarding product purchase/use.
- Maintain inventory of pharmaceuticals, equipment and supplies.
- Clean, maintain and sterilize instruments, equipment, and materials.
- Knowledgeable regarding related federal and state animal health laws and regulations including OSHA and DEA. Ensure that the hospital and its employees are in compliance with regulations. Inform the veterinary hospital administrator of any regulatory issues.
- Work well with all team members and ensure that your actions support the hospital, the doctors, and the practice philosophy.
- Clean exam rooms after use
- Participate in daily cleaning of practice which includes vacuuming and mopping floors, removing trash and restocking supplies when needed.
- Perform other duties as assigned.

CONTROLS OVER WORK

The Veterinary Technician works under the direct supervision of the Veterinarians and Veterinary Practice Manager who will indicate general assignments, limitations and priorities. Recurring assignments are performed independently. Deviations or unfamiliar situations are referred to the supervisor. Completed work is reviewed for technical accuracy and compliance with established procedures.

SKILLS AND KNOWLEDGE

- Knowledge of the procedures used for receiving, treating, and scheduling patients, for ordering medical supplies, and requesting laboratory tests.
- Knowledge of the use, care, and storage of veterinary instruments, materials and equipment.
- Knowledge of sterilization techniques to sterilize various instruments and materials.
- Knowledge of the instruments, materials, and standardized procedures used in the full variety of treatments to make preparations and provide “tableside” assistance.
